

Our Assurance

Some people file an insurance claim for a leaky roof only to find out that the damage was not even enough to meet their deductible. The end result is they do not receive any or very little money, and still get stuck with a claim on their claim history, which could expose them to rate increases if they have excessive claims. Why file a small claim when KD Roof Shield can offer you peace of mind when it comes to your roof and keeping the water out of your home?

If you are concerned that another small claim may raise your insurance rates, we will assure that minor repairs are made without you having to file an insurance claim.

You need to be aware that every time fuel costs go up, so do the costs of roofing materials as most materials are made with petroleum products. In addition, costs will increase because the cost to transport the material to local suppliers will increase. Overall, the cost of repairs will significantly increase. Join KD Roof Shield, LLC and avoid rising costs, and secure your home for you and your family. Call KD Roof Shield today at 316.686.8453.

Have you ever had a roofing repair job declined because it was too small? Did the contractor promise to call back and never did?

Or, if the contractor did undertake the job, and charge you a price that you felt was out of line with the repair that was made?

We realize how disappointing this can be for the homeowner who is seeking out a reliable and reputable roofing contractor. This is why KD Roof Shield is a ground breaking warranty program that is the first of its kind.

Most or all of home warranties cover appliances in the home but not the roof. Well, what keeps everything inside dry? The roof does! So now you realize the value of such an inexpensive tool like the KD Roof Shield!

The KD Roof Shield Plan

For less than the price of a dinner for two, less than the daily price of a cup of coffee or a vending machine item, less than the price of half a tank of gas, KD Roofing can assure the integrity of your roof, for as low as \$1 per day, per month, depending on what type of roof you have. Please call to check pricing.

Lock in your repair prices by purchasing the KD Roof Shield! You have our assurance that we will attempt to repair:

-  We guarantee you a maximum of three visits per year to address roofing leaks and repairs.
-  Up to 100 sq. ft. per leak if necessary to stop the leak.
-  Chimney leaks caused by roofing/flashing faults.
-  Gutter repairs that may be necessary to prevent leaks that may damage soffit, fascia, or the interior of the home. (50 linear ft. max.)
-  Pipe flashing boots & accessories to help protect the interior of your home.

Additional Benefits

-  Free roof replacement estimates
-  Free inspection reports for Real Estate Transactions.
-  Transferable warranty options: 1. If you move transfer warranty to your new home. 2. Elect to leave warranty at your old home for the new buyer.
-  We waive your deductible up to \$500.00 when and if you choose KD Roofing, LLC for a full roof replacement.
